

ROUND _____ — Brazos

(Finance & institutions add-on)

Attach this to your trade form once the relevant phase opens.

Monetary policy (Phase 5+)

- Exchange-rate regime: ☐ Peg ☐ Managed ☐ Float
- Capital account: ☐ Open ☐ Controls (closed)
- Independent monetary policy: ☐ Yes ☐ No
- Money-supply growth: ☐ 0% ☐ 2% ☐ 5% ☐ 10%

Trilemma: peg + open capital + independent policy together build stress toward a crisis.

Sovereign debt (Phase 6+)

- Borrow this round: _____ Repay this round: _____
- Default on the debt stock? ☐ Yes ☐ No

*Borrowing lifts consumption now; a weak currency makes hard-currency debt heavier (original sin).
Default wipes the stock but bans borrowing and adds friction.*

Institutions & power (Phase 7+)

- Join / remain in the WTO? ☐ Yes ☐ No
- Bound tariff commitments (good: ceiling): _____
- *Hegemon only*: provide the public good this round? ☐ Yes ☐ No

ROUND ____ — Bosque

(Finance & institutions add-on)

Attach this to your trade form once the relevant phase opens.

Monetary policy (Phase 5+)

- Exchange-rate regime: ☐ Peg ☐ Managed ☐ Float
- Capital account: ☐ Open ☐ Controls (closed)
- Independent monetary policy: ☐ Yes ☐ No
- Money-supply growth: ☐ 0% ☐ 2% ☐ 5% ☐ 10%

Trilemma: peg + open capital + independent policy together build stress toward a crisis.

Sovereign debt (Phase 6+)

- Borrow this round: _____ Repay this round: _____
- Default on the debt stock? ☐ Yes ☐ No

*Borrowing lifts consumption now; a weak currency makes hard-currency debt heavier (original sin).
Default wipes the stock but bans borrowing and adds friction.*

Institutions & power (Phase 7+)

- Join / remain in the WTO? ☐ Yes ☐ No
- Bound tariff commitments (good: ceiling): _____
- *Hegemon only*: provide the public good this round? ☐ Yes ☐ No

ROUND ____ — Llano

(Finance & institutions add-on)

Attach this to your trade form once the relevant phase opens.

Monetary policy (Phase 5+)

- Exchange-rate regime: ☐ Peg ☐ Managed ☐ Float
- Capital account: ☐ Open ☐ Controls (closed)
- Independent monetary policy: ☐ Yes ☐ No
- Money-supply growth: ☐ 0% ☐ 2% ☐ 5% ☐ 10%

Trilemma: peg + open capital + independent policy together build stress toward a crisis.
