

MNC Decision Forms

(Phase 3+)

You own this firm – alone or with a partner – even though it sits in another country. Each round: choose how much to produce (*scale*), whether to *relocate* to a new host, and (Phase 4+) whether to pay the fixed cost to *export*. The profit is yours; the output counts for whichever country hosts you. Productivity tiers: HIGH 1.3, MED 1.0, LOW 0.7.
